

Highway Patrol Extinguisher Analysis

Total HP Fleet	1000+
New Vehicles/Year	100

Current Extinguisher Replacemen/Refill Cost Per Year: \$25,000

Current extinguishers expire (wasted money), are largely in-effective and are toxic.

Cold Fire® Proposed Replacement Choices:

Indefinite shelf-life, extremely effective (life & burn saving), non-toxic, thermal barrier protection, and easily refilled and recharged.

Mounting bracket for liter extinguishers are appx 5" wide by 14" tall and prices are included below

Mounting bracket for gallon extinguishers are appx. 7" wide by 13.5" tall and pricing options are below

All units ship full with regular concentrate and shipping is additional to prices below

<u>Size</u>	<u>Dimensions</u>	<u>Initial Cost</u>	<u>Appx Refill Cost</u>	<u>Current Replacement</u>	<u>Projected Cold Fire®</u>	<u>Savings</u>
		Per Unit @ volume	Per Unit	<u>Cost Per Year</u>	<u>Refill Cost **</u>	
1.5 gal unit	w/ Heavy-Duty Bracket		\$5.63	\$25,000.00	\$484.18	\$24,516
					5 year savings	\$122,579
	** Refill cost is calculated as follows: \$25,000 = (xx) 1.5 gal units x \$5.63/unit refill cost				10 year savings	\$245,158
					20 year savings	\$490,316

<u>Approximate refills per extinguisher:</u>	<u># of Refills</u>
5 gallon pail	1.5 gallon Ext 26
55 Gallon Drum	1.5 gallon Ext 291
